Environmental Planning Internship Position Announcement

Job Description. The Environmental Planning Intern will assist with review and updating of the Estuary Program's Comprehensive Conservation & Management Plan (CCMP), which outlines the challenges facing the estuary and the actions to address them. This intern will review the plan in light of guidance for plan updates. He/she reports to the Assistant Director.

The Organization. The Morro Bay National Estuary Program brings citizens, local governments, non-profits, government agencies, and landowners together to protect and restore Morro Bay. The Estuary Program is a non-regulatory, not-for-profit organization that conducts monitoring and research, restores natural habitats, and educates residents and visitors on how to keep Morro Bay clean and healthy. The Morro Bay National Estuary Program is one of 28 national estuary programs around the country that are working to safeguard and improve the health of some of our nation's most important coastal waters. The Estuary Program achieves results by closely collaborating with many partners to accomplish our shared goals of protecting and restoring the estuary and the watershed. For more information about the program, visit www.mbnep.org.
